

## **Ending of 2nd Quarter**

The ending of 2nd quarter begins on the Thursday of week 10. It is on the 1st of July, 2021.

The Report Cards and the Newsletter are given to students on this day. The resident students who come from within the province are asked to leave the campus. The students who are coming from other provinces would spend a night in the campus and next day they are transported to Mt-Hagen for them to travel to their home provinces.

The parents are responsible for the travel arrangements for their kids from Mt-Hagen to their home destinations.

## **School Fees - 3rd Quarter Payment**

This is a very important announcement. In all categories from kinder to Grade 12, the 25% of the school fees need to be paid beginning of each quarter. However, this has been changed so that 75% is allowed to be paid in the beginning of the 2nd quarter.

By July of the 3rd quarter the final 25% has to be paid. By this time if a child/student has not paid the 75% of the total fees is allowed to return home. This includes Grade 12s, 10s and 8s and this will affect their National Examination. It is therefore, this information is disseminated so that the fees are paid on time to avoid any inconvenience being caused to a student.

## **Beginning of 3rd Quarter.**

The beginning of 3rd quarter is on the 14th Wednesday of July, 2021. This means 1 week holiday for the teaching staff and the students.

The normal classes resume on the 14/07/21. Which means the students need to travel to the school during Monday of that week.

The students who are coming from other provinces are urged to contact the school administration for picking them at Mt-Hagen during the weekend.

*Have an enjoyable holiday & we look forward to meeting you next term.*

*Conclude by a Idiom...*

### ***A Message from the Principal***

The Principal said, on behalf of the BOG, parents and other stakeholders, I take this time to thank all our hard working teachers for your continuous efforts both inside and outside the classroom whether it be teaching & learning, mentoring, disciplining, care-giving, guidance etc .... You have done a tremendous task in the success of our students and of the second quarter for this year.

All Glory belongs to our God for His Faithfulness in giving us the strength to endure each day with its challenges.

In her final message, submit to the authories as onto the Lord as in Christ We are a New Creation. She urged the teachers to work together to bring positive changes to HLIS for especially Grade 12 and 10 results this year.

### ***From....the Writer's Desk***

*Hello everyone and welcome to the 3rd edition of our newsletter 2021.*

*We are now through the end of second term of this schooling year and all our activities are winding down. We hope to close the term with report cards and the final newsletter for the 2nd term. Parents are urged to read the HLIS newsletter and know what is happening in the school.*

## Year 12 Class of 2021

The Grade 12 students are the senior students in the school. Most of them have started their kindergarten here. While others are EPG sponsored students as well as a few others have transferred in.

After the Grade 12 National Examination this year, the successful students would be selected to the main Universities in the country and overseas.

The successful achievement has manifested two years ago since 2019. That was resulted in HLIS ranked "10th" in the country in its Grade 12 performance. That was a great achievement for HLIS and Enga Province.

The school's main focus this year is to make sure the current Grade 12s must perform better to lift the school's rank and standard in excellency.

The same message is embraced onto the current students who are in 11th grade and other students. Some of these Grade 11 students are sponsored by the Enga Provincial Government. They are also asked to study hard to excel.

Teachers have started with mocks and trials beginning of term 2 this year. This is to have more practice done with their students for the respective subjects resulting they have well prepared to sit for their national examination this year.

Grade 12 students enjoy learning in RM4 LL Class.

## Week 8 & 9 Examination

The end of examination for term 2 was scheduled for week 8 & 9. The examination is scheduled for Grade 12s, 10s & 8s including other grades given examination on units being taught.

This is in preparation for the National Examination in October, 2021.

## Student Report Card

The Report Card for the 2nd Quarter is ready for collection by Thursday of week 10. The comments and scaled marks are entered beginning of week 10. This is to be given to students and parents with other reminders. The parents and stakeholders need to see the Report Cards and other information and talk to their kids to improve from weakness.

## Buk Bilong Pikinini

The presentation for the BUK BI-LONG PIKNINI was done last month in the school with the cartons of books delivered.

This was really a great privilege for the school to have those books brought in by Robin Lakari, early childhood coordinator for the Buk Bilong Piknini in Enga Province.

The package was delivered to the Principal by the organisation for the school to use them. It was really a great blessing.

## Grade 10 WEX 2021

Grade 10 students sitting for WEX

The grade 10 students have sat for the 2021 National WEX in June 6 this year.

The external invigilator from Tei Sir Abal Secondary was at the school to invigilate the examination.

The objective National Examination is in October and our students are looking forward to do better in the Exam.
